## Class Recommendations

**MAY 5-10**

**Class Recommendations for the 2025-2026 dance season will be sent out via email May 5-10.** Our faculty puts a lot of time and thought into each child's recommendation. We encourage you to keep your recommendations **personal** and discuss with your child privately rather than in front of other students.

Please remember that many students spend at least two years in every program level. **This is absolutely OK!**

**In your dancer's first to second year in a level, they are considered a **LEARNER**.**

**In your dancer's second to third year, they are considered a **LEADER**.**

*Remember...*

Every dancer's journey is **completely unique** – your dancer may progress at a different rate as their classmates.

What is **most important** to us is situating your child in a position where they are **challenged**, but **not overwhelmed**, and **set up to succeed**.

**IMD LEVELS** Children's classes (ages 2.5-6), Intro, 1B, 1A, 2B, 2A, 3B, 3A, 4, 5 (some levels will also have age restrictions)
