

MESSAGE

FROM THE STUDIO OWNER

Welcome Dancers and Parents!

We extend a hearty welcome to our new and returning students and parents. Some families are new to dance and some are just new to our studio. And, of course, some have been here for over a decade! Whether you are new or returning we say, "Welcome Home!" You have made the best choice possible to build life skills for your child.

We have been in full preparation mode for the start of our 12th season of Inspired Movement, beginning on **Monday, August 23rd!**

Thank you for taking time to read the following updates to help make the kick off of our season GREAT!

~ Miss Jenna

Welcome New Faculty!

IMD has an awesome faculty who work their hearts out every week to create safe and fun classes and a "third place" outside of school and home where kids can thrive.

Please join us in welcoming the following new teachers to our faculty:

Molly Horne (contemporary)
Laurence Gonzaléz (ballet)

Dress Code

Please make sure that you visit our website to view the most updated dress code policies. It can be found under the 'policies' tab :)

Safety

IMD has always been a leader in safety. As part of being YPAD Certified, we conduct background checks on all team members and also provide training in CPR/First Aid/AED, injury prevention, social media safety, and abuse prevention as well as guidance on age appropriate artistic choices for our teachers.

Additionally, I'm proud of how our team has worked tirelessly to deliver our Safer Studio™ plan over the last 17 months. As we enter our school year, we will be requiring masks for all students ages 6+ and staff. If any family has concerns from wearing a mask to not wearing mask please let our management team know .

Our protocols of staying home if you are unwell, amplified studio cleaning, and tightly managed enrollment flows. Any Covid-positive staff members or students will be expected to stay home until they are out of the CDC recommended isolation window. Lobby's will continue to be closed to parents of dancers 6+. Parents are welcome to drop their dancers off at our entrance and pick up in either the front or back. Please make sure your dancer knows where they will be picked up. The front desk is OPEN for any parents who may have 'business' to attend to. We will continue monitoring conditions and will make you aware of any changes as they happen.

Food, Beverage & Garbage

At IMD we are proud to provide classes in a beautiful, state-of-the-art facility. Please help keep our studio looking beautiful by keeping all food in the kitchen area and having only clear drinks in the studios. Please also pick up any garbage from your visit before you leave so that the lobby is clean and inviting for the next family.

Students are welcome to eat inside or outside at our designated tables we've provided for you! Eating in the Learning Space is not allowed :)

Questions

We are here to serve you! If you have any questions, please don't hesitate to reach out. Our business office hours are 10am-5pm M-TH and we have a full team to serve you. Emails received after business hours will be replied to on the following business day. Please note that we allow (and encourage!) our teachers and team members to shut down email on the weekend in order to spend time with their families and recharge so that they can be awesome for your kids the following week. Please remember to direct all communication to our office and do not reach out directly to staff or team members via social media <3.

Thank you for your support!

Thank You!

We look forward to great season!
